

DEXORY

Path to ROI

In this guide, we briefly walk you through the process of transforming your supply chain and warehouse operations, **in just 6 weeks.**

With DexoryView, you can improve your inventory visibility and integrity — no errors and no stock is missing — ensuring improved space optimisation, efficiency and positive impact on your top and bottom line. Your finance team will thank you for making an investment with such a quick return!

OVERVIEW

DAY 1

First connection

Your journey with Dexory starts by meeting our team.

WEEK 1

Site visit

We'll meet at your site and have a 1:1 time with our experts.

WEEK 2

Commercial agreement

We'll review the business case, pricing and contract.

WEEK 4

Deployment

Our solution is implemented in two phases; hardware and software.

WEEK 5

Actionable intelligence

Full access to the power of DexoryView.

WEEK 6

First signs of ROI

At this point you'll start enjoying the fruits of your investment!

DAY 1

First connection

Your journey with Dexory starts by meeting our team. We will discuss all relevant needs, specifications, and agree which site to test and validate with our solution.

WEEK 1

We'll meet at your site and have a 1:1 time with our experts. We will review your site layout and structure, and validate all requirements from a technical aspect.

Site visit

WEEK 2

Commercial agreement

We'll review the business case, pricing and contract. Then, both parties will agree on commercial terms.

WEEK 4

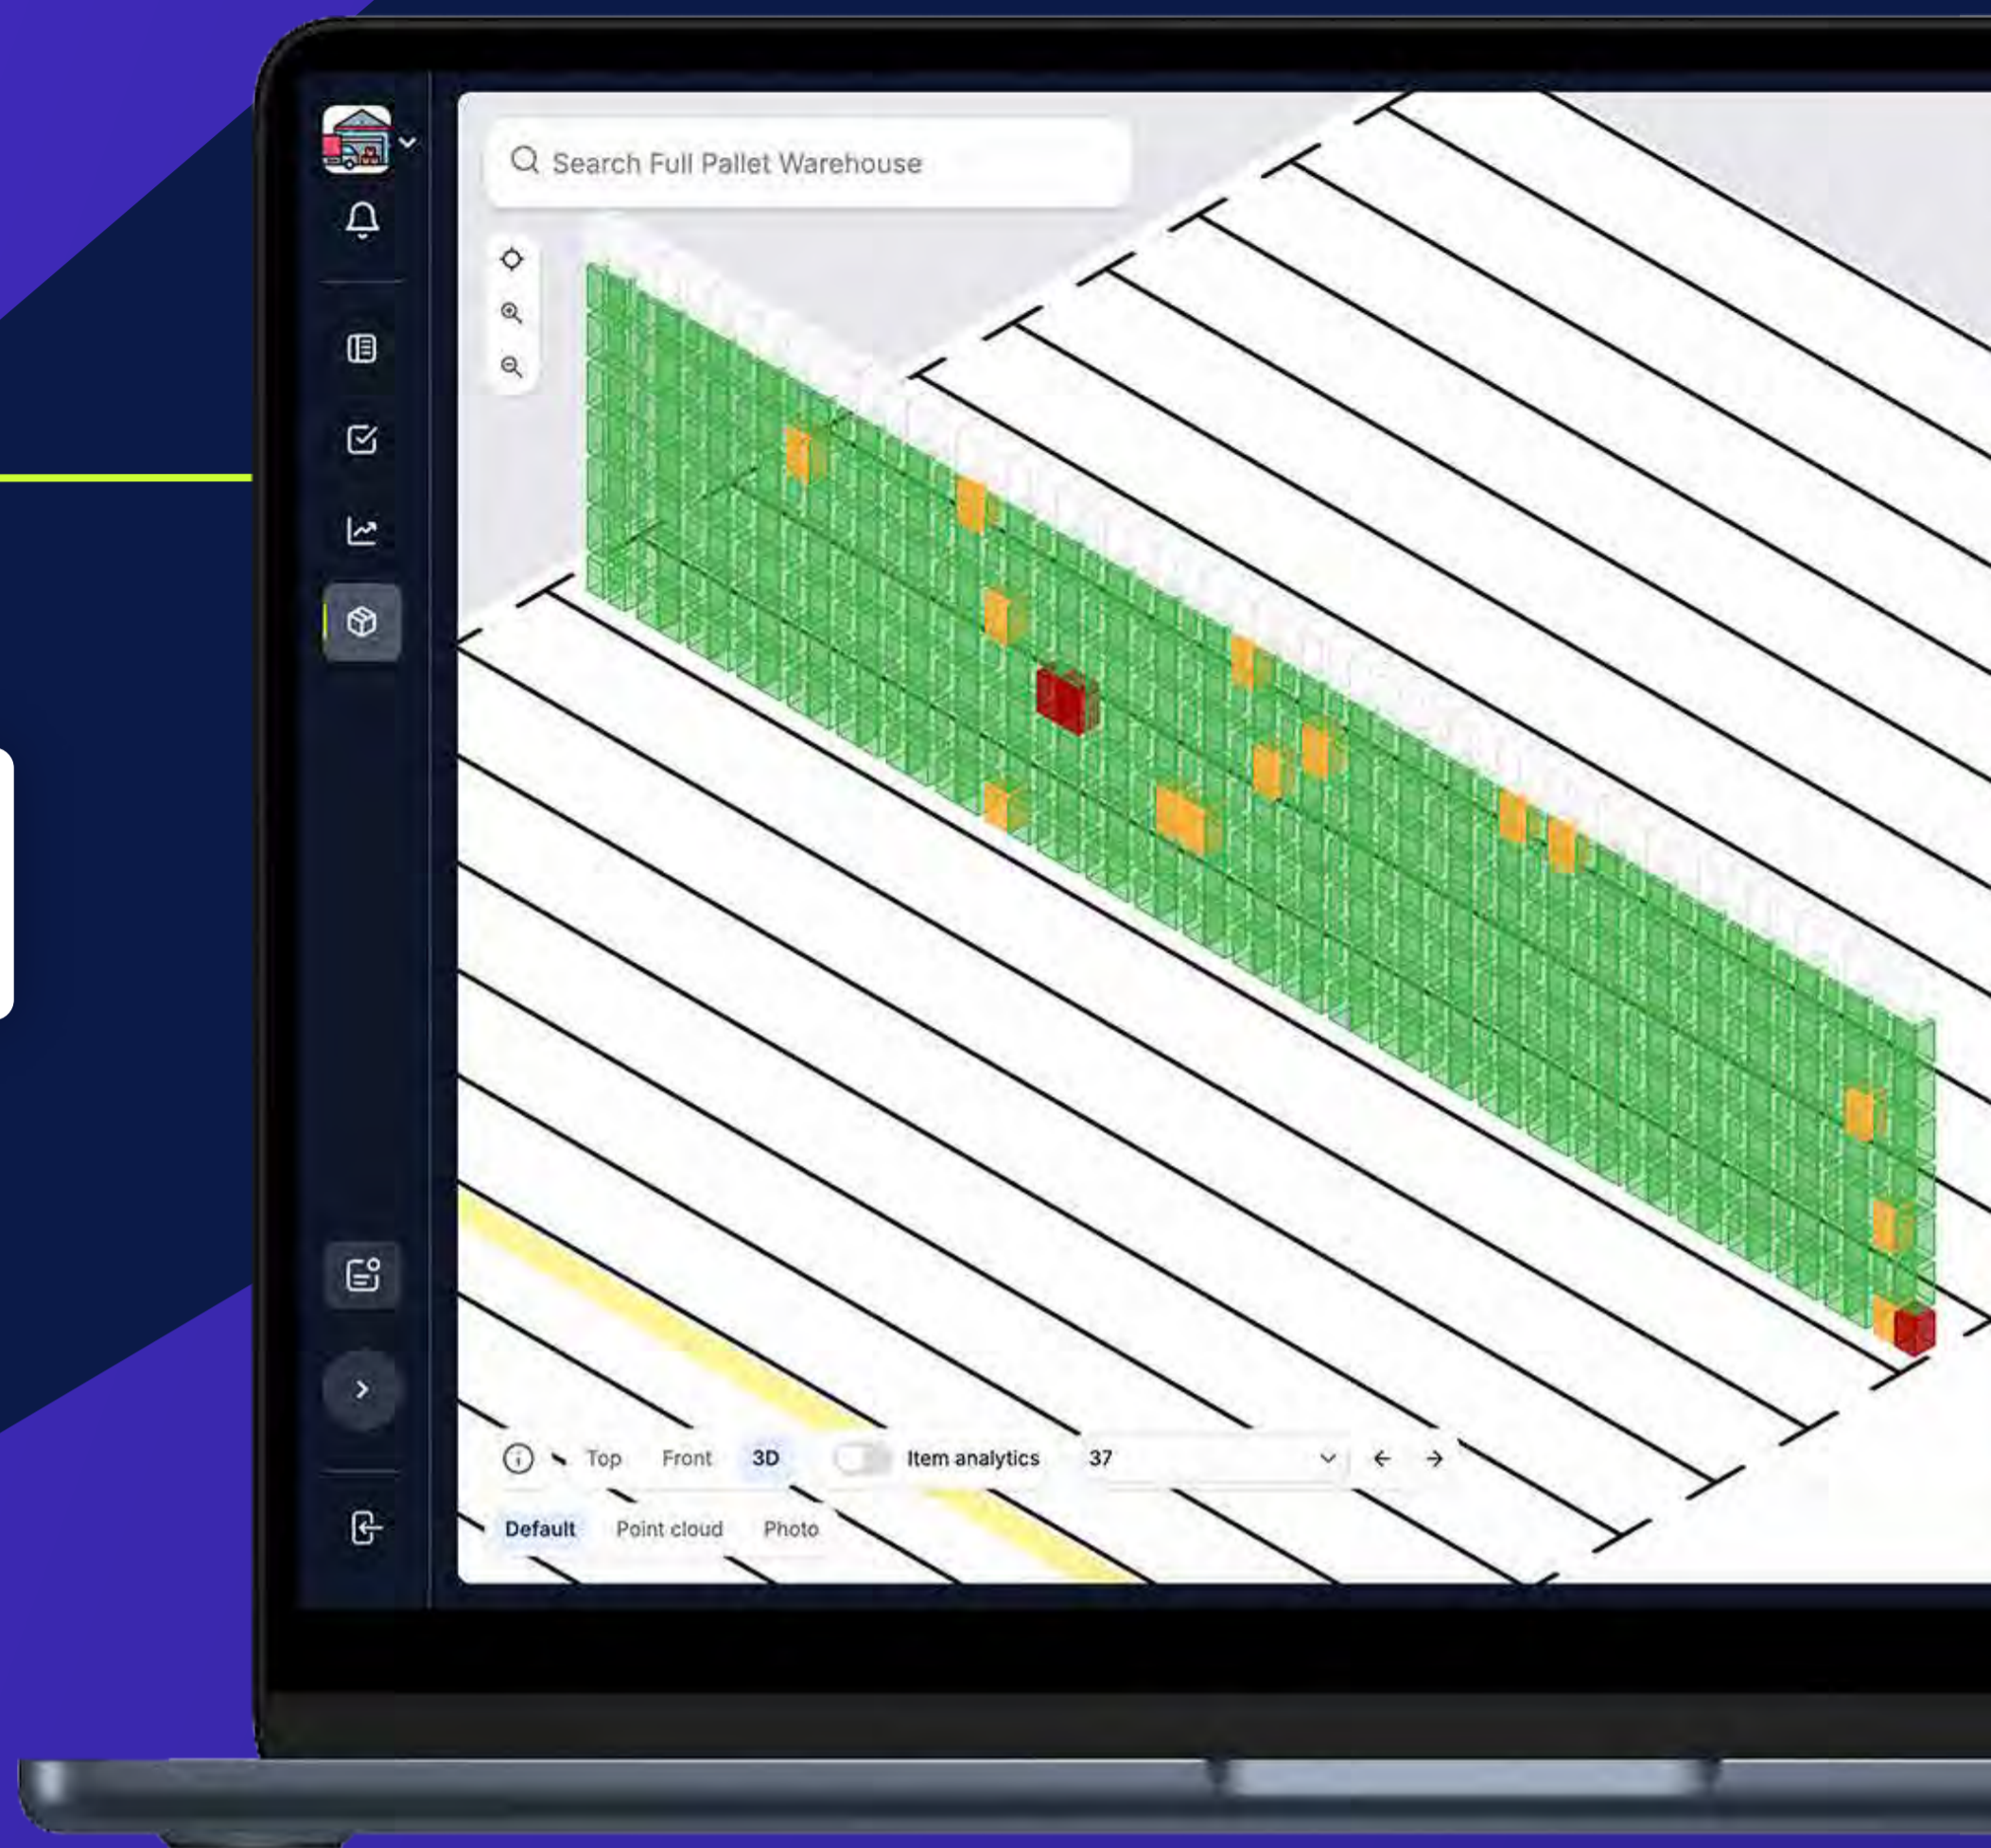

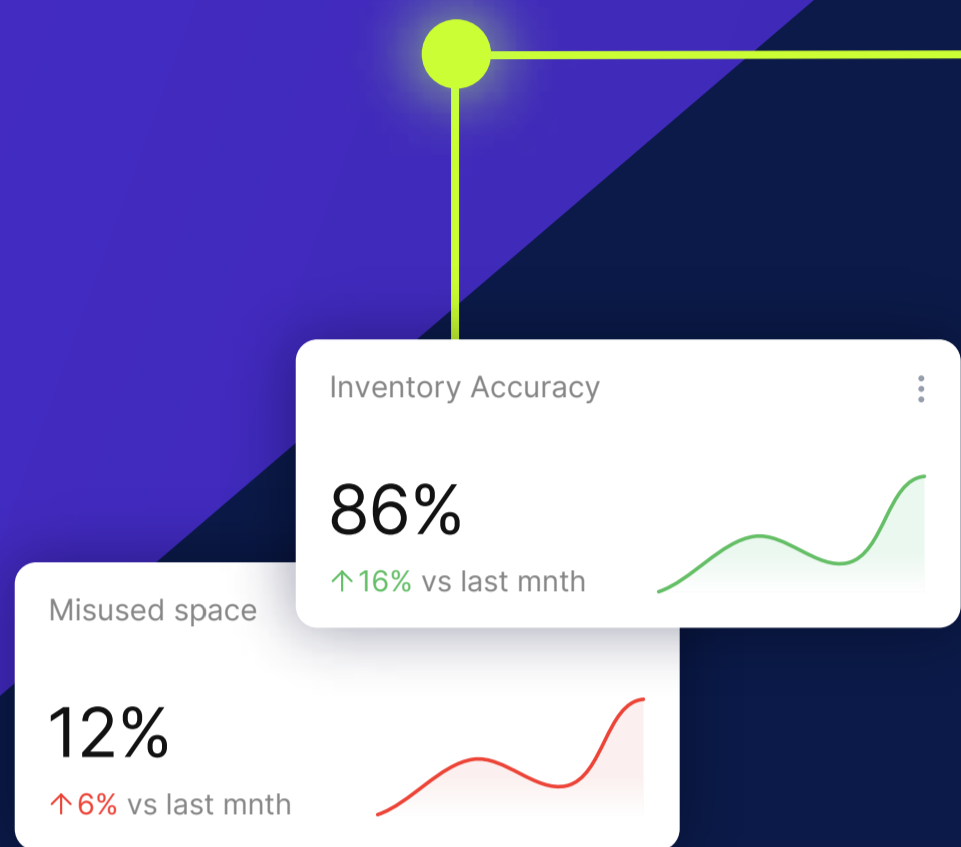

Deployment

Our solution is implemented, both hardware (robot) and software (digital twin platform), all in 5-7 days.

We deploy our robot to map and scan your site and at the same time we set up your DexoryView digital twin platform by activating all data and insights to flow for easy access and analysis.

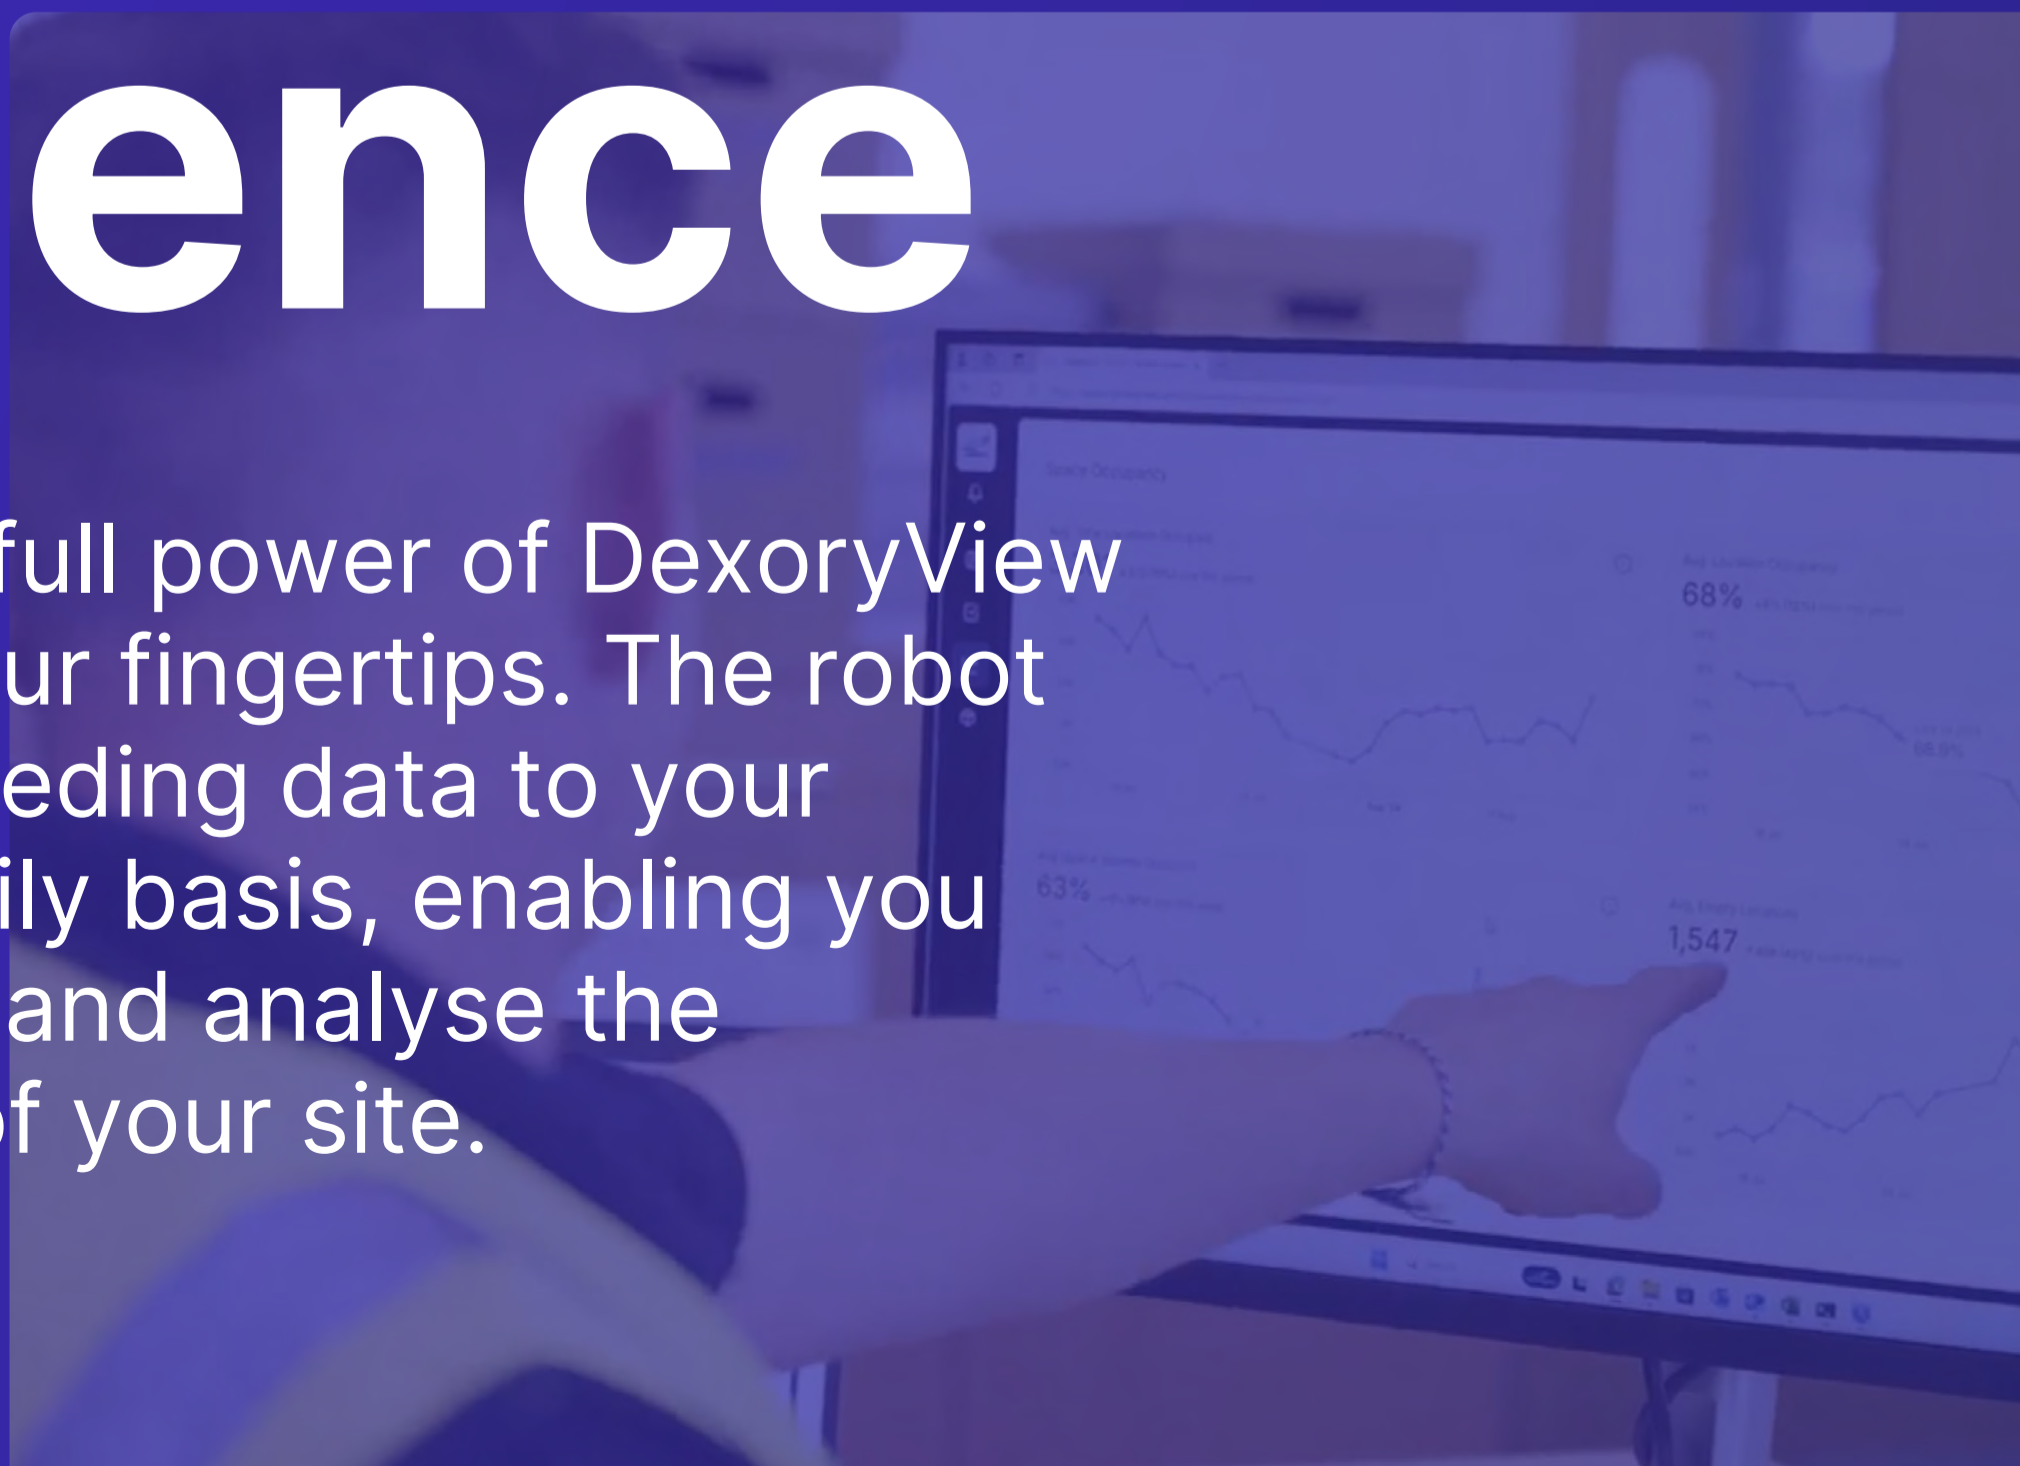

WEEK 5

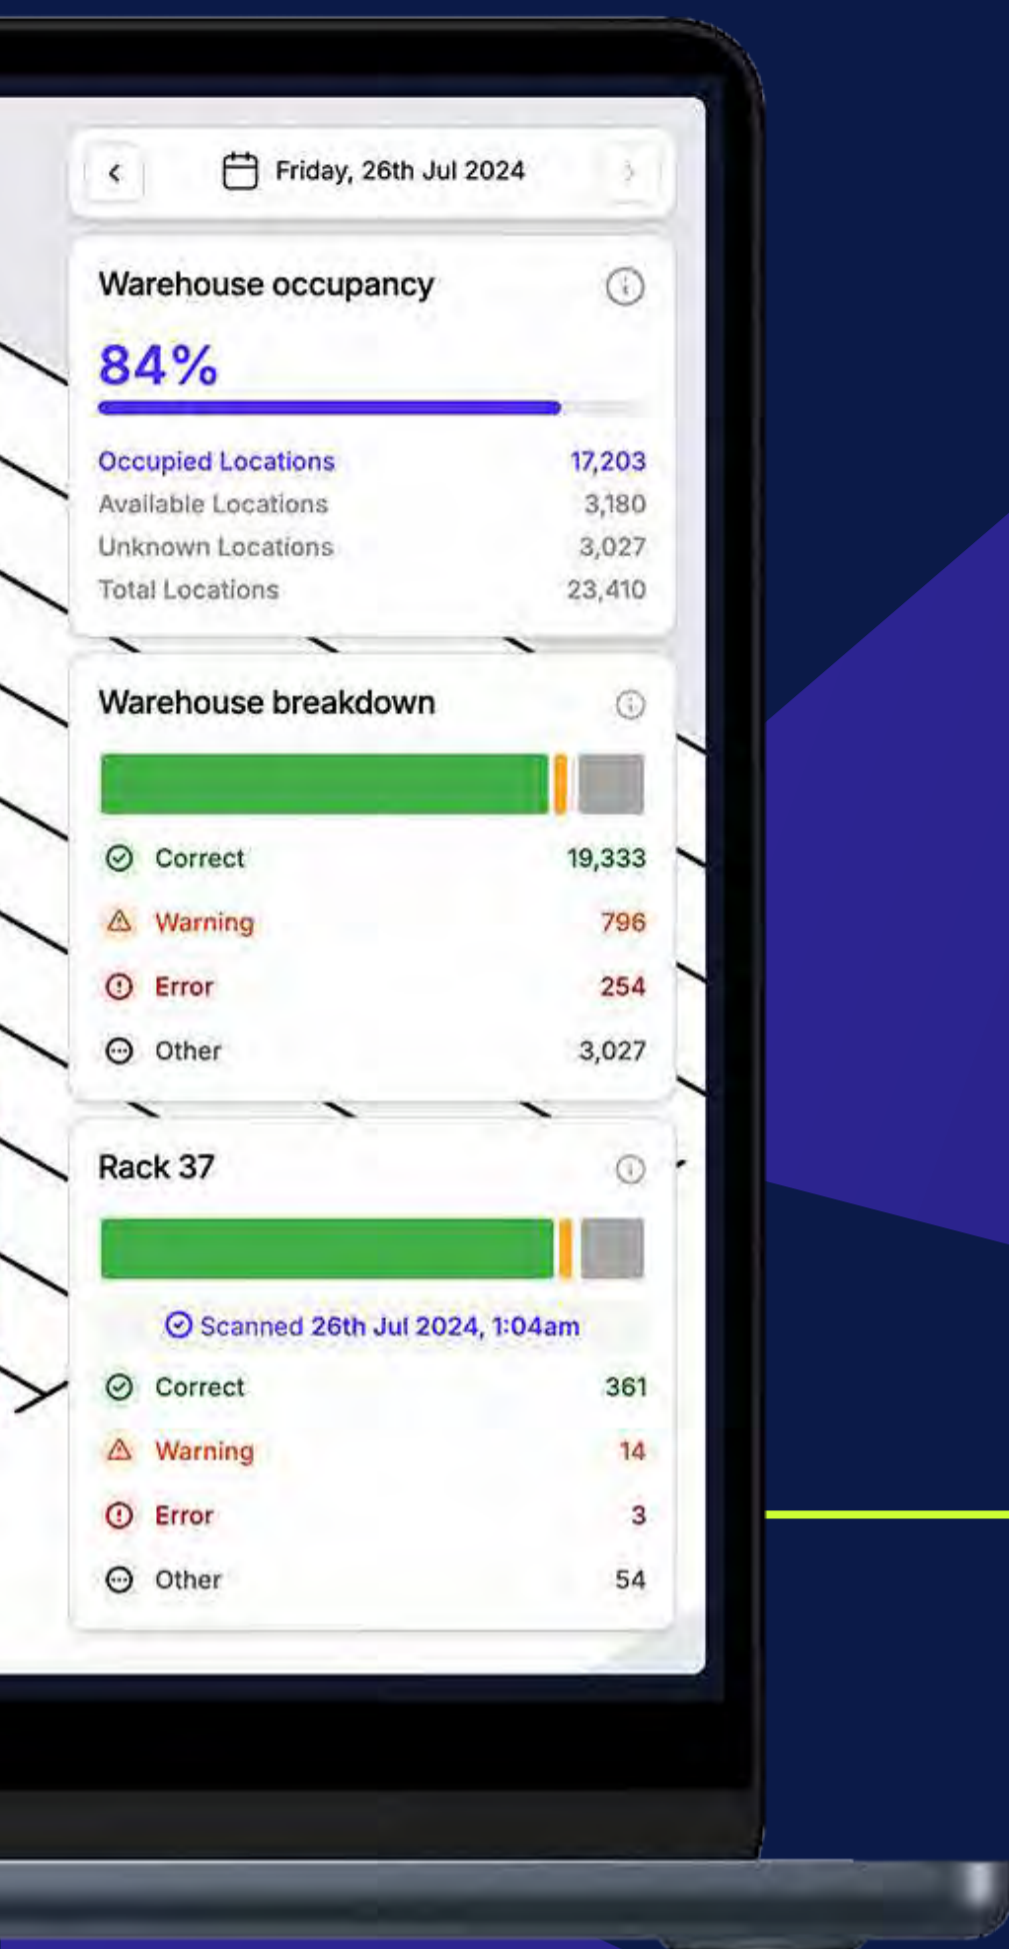

Actionable intelligence

You now have access to the full power of DexoryView with actionable insights at your fingertips. The robot is constantly scanning and feeding data to your DexoryView platform on a daily basis, enabling you to run full WMS comparisons and analyse the performance and efficiency of your site.

WEEK 6

First signs of ROI

At this point you'll start enjoying the fruits of your investment!

Instant value; saving hours for cycle and inventory counting, preventing errors and recovering stock.

Strategic value; such as space optimisation, auditing, customer satisfaction and reputational gain.

A separate report will be coming out soon that will cover the impact on ROI more thoroughly. Stay tuned!

Your Scan is now complete.
